

# The Lighthouse, D3 announces its online platform and ecommerce store

[www.thelighthouse.ae](http://www.thelighthouse.ae)

**Dubai, UAE** The Lighthouse, D3; combining a design store, restaurant and events space offers an integrated experience where guests can shop, eat, mingle or work alongside others in a lively atmosphere. This month, The Lighthouse launches its online platform; an e-store and virtual hub that will be a digital extension of the physical venue.

The Lighthouse is at the epicenter of Dubai's buzzing arts and culture scene and the new site will feature a dynamic e-commerce store and a collection of monthly newsletters, blog posts and direct links to the monthly 'TLH Conversations' series featuring talks on cultural entrepreneurship. The site aims to be an online lifestyle destination for an audience with a keen interest in design, gifting, food, books, art and entrepreneurship.

The Lighthouse e-commerce store will feature a curated selection of its concept store in d3 showcasing a mix of lifestyle, living, tabletop, workspace and children's gifting items. There will be 28 brands on the site, 15 of which are exclusively available in Dubai through The Lighthouse.

Exclusive brands such as **MoMA Design Store (New York)** will be featuring pieces as varied as the Eames Chair coasters and iconic Magritte mugs, the perfect gifts for an eccentric art and design fan. Other exclusive brands include **Skogsberg & Smart (Stockholm)** specialists in hand-blown, glass vessels with each piece made by skilled craftsmen in Bohemia, Czech Republic as well as **Chase & Wonder (UK)**, an independent gifts and stationary brand created by husband and wife duo David and Faye Aspinall whose products are stocked in some of the most prestigious department stores worldwide including Liberty, London and Lane Crawford, Hong Kong.

Dubai's growing number of creative concepts that encapsulate both retail and F&B sparked The Lighthouse's popularity amongst consumers, making it the go-to spot in Dubai Design District and Downtown Dubai. The Lighthouse has now given its loyal following a platform where it can get the best of the venue's offerings right from their home, shipping worldwide.

## About The Lighthouse

Named after the Lighthouse of Alexandria, one of the Seven Wonders of the Ancient World, The Lighthouse shines a light on everyday design in its many forms and functions. It is also a subtle nod to Virginia Woolf and members of the Bloomsbury set who gathered for conversation, good food and company, thus building the foundations of the D3 restaurant and concept store; a place for people to come together and refuel with creative energy.

Combining a design store, restaurant and activation space, The Lighthouse offers an integrated experience where guests can shop, eat, mingle or work alongside others in a lively location. And with its monthly interview series “TLH Conversations” which features cultural entrepreneurs and tastemakers from around the Middle East, The Lighthouse aims to give back to the community, encouraging a fresh dialogue and collaborative approach to arts & culture.

The menu, created by Executive Chef and Partner of The Lighthouse, Izu Ani, focuses on innovative Mediterranean-inspired dishes prepared from fresh, organic and seasonal produce with the aim to provide the best quality food in a relaxed environment – whether that’s indoors in the stylish restaurant space or al fresco in The Lighthouse terrace.
